1. MANAGE INSTALMENTS

This manual includes the following processes:

Manage Instalments 6.4.2	
6.4.2.1	6.4.2.2
Capture Instalment Details	Generate Instalment Management Report

1. Capture Instalment Details
2. Generate Instalment Management Report

Manage Instalments is a process on the Sebata EMS System whereby the user will be guided by the system to setup any instalments that must be deducted from an employee's payroll for example, garnishee orders or any other employee deductions

At any stage the creation process can be stopped or cancelled.

	Icon identifies the role player (Capturer)
	Icon identifies the role player (Approval)

2. PRE - REQUISITES

The following must be in place to manage Instalment.

- | | |
|----|--|
| 1. | Salary Transactions setup must be completed. |
|----|--|

Notes:

5. CAPTURE INSTALMENT DETAILS

Capture Instalment Details

Generate Instalment Management Report

	Access	Capturer
---	--------	----------

Specific Outcomes:

- Successfully Capture Instalment Details

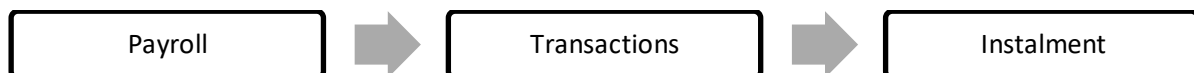

5.1 Role and Permission for Capturing Instalment Details

By adding the following permission to the user's profile, the user will be able to capture/edit instalment details.

Config (Page - Control)	Add/Edit Taxability	☐	☒
Config (Page - Control)	Add/Edit Transaction type	☒	☐
Config (Page - Control)	Add/Edit UIF Configuration	☐	☒
Config (Page - Control)	Add/Edit Union Representatives	☐	☒

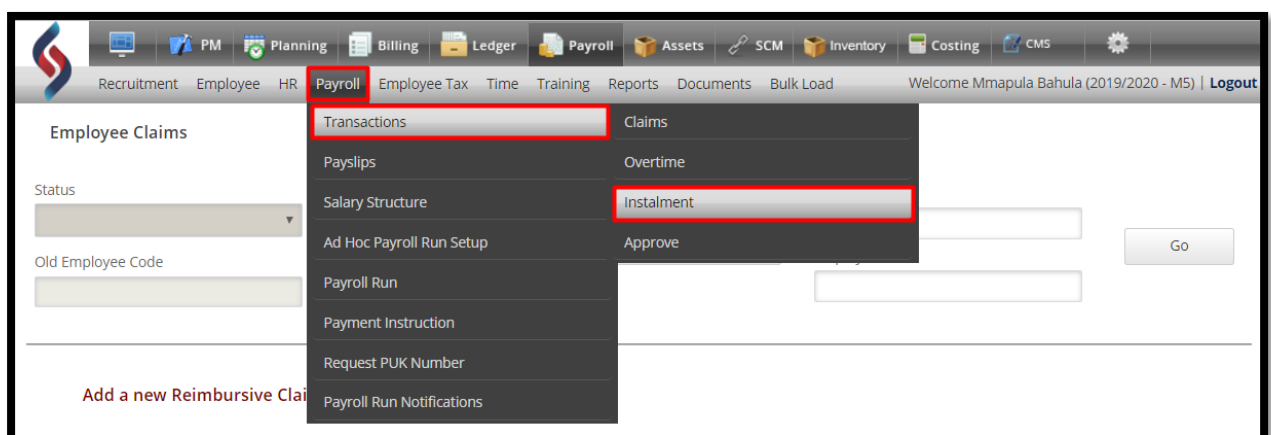

5.2 Capture Instalment

Follow the menu below to capture an Instalment:

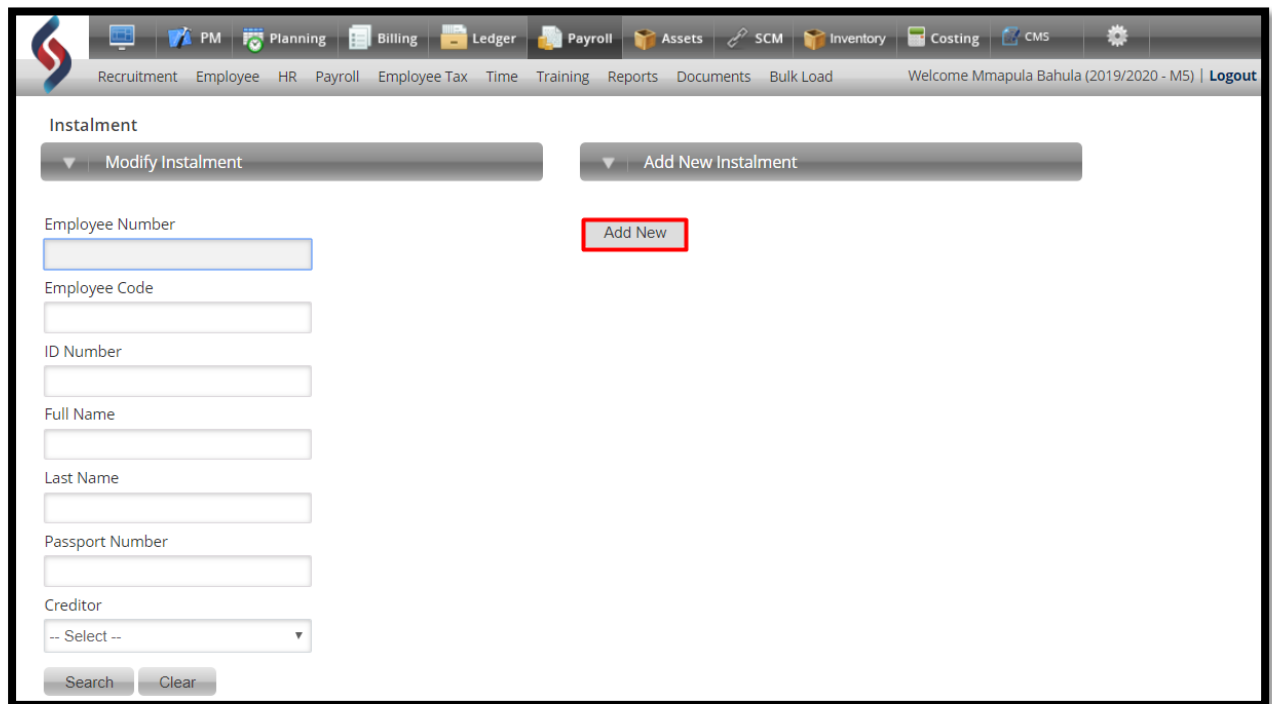

In this section, instalment transactions per employee can be captured and modified. Frequent payments towards an external creditor relating to garnishee orders, such as lawyers, telephone fees, etc., can be set up and modified.

The section allows the user to setup a capital value that needs to be paid over a fixed period and to keep track of it.

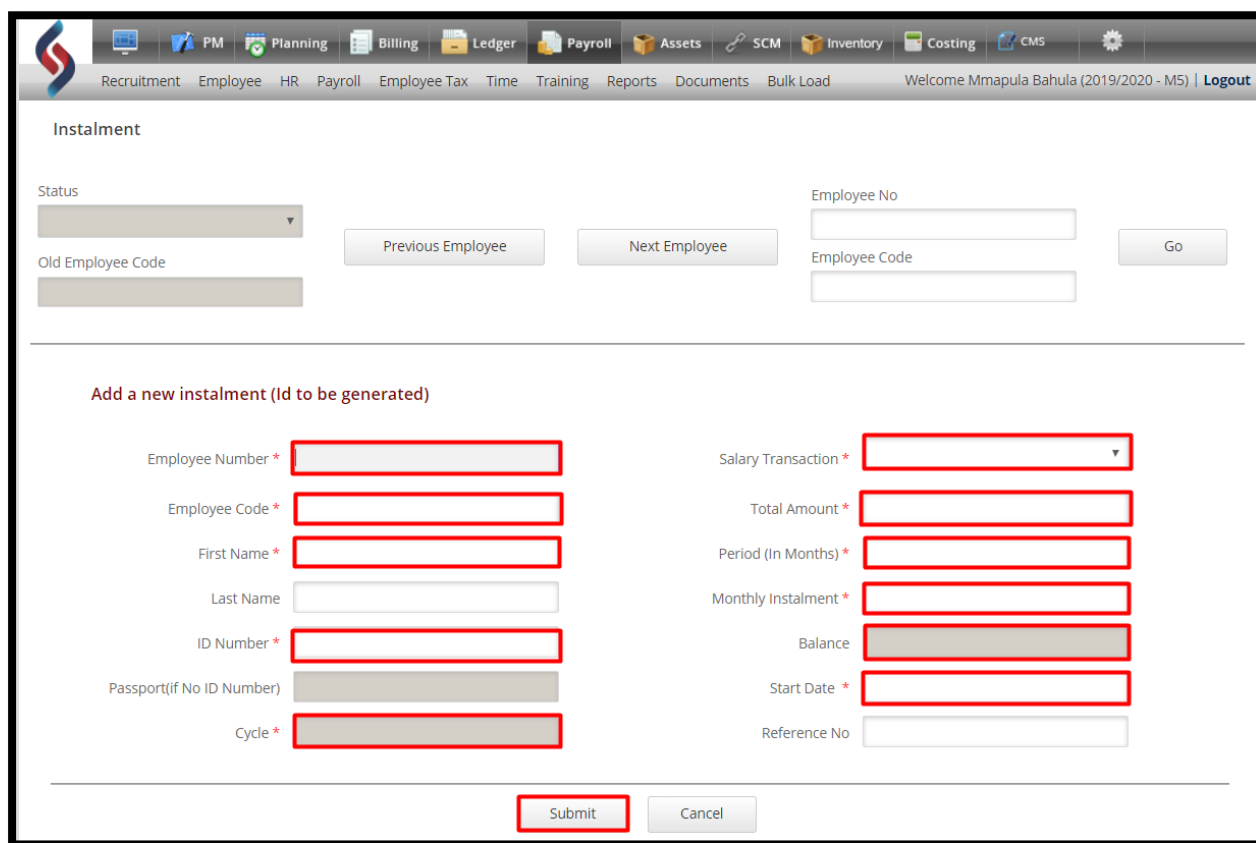

Click “Payroll” in the primary navigation bar.

Select “Transactions” in the secondary navigation bar, select “Instalment” and the Instalment screen will populate.

The screenshot displays the 'Instalment' management interface. At the top, there's a navigation bar with icons for various modules: Recruitment, Employee, HR, Payroll, Employee Tax, Time, Training, Reports, Documents, Bulk Load, Assets, SCM, Inventory, Costing, and CMS. Below this, a secondary navigation bar shows 'Instalment' as the active section, with a 'Add New Instalment' button. The main content area contains a form with the following fields: Employee Number (with an 'Add New' button highlighted in a red box), Employee Code, ID Number, Full Name, Last Name, Passport Number, and a 'Creditor' dropdown menu. At the bottom of the form are 'Search' and 'Clear' buttons.

Click “Add New”

Complete all the required fields marked in red star and click on “Submit”

Step	Field	Description
1.	Employee Number*	Enter Employee Number in the employee number field
2.	First Name*	Auto-populates
3.	Last Name*	Auto-populates
4.	ID Number*	Auto-populates
5.	Cycle*	Auto-populates
6.	Salary Transaction*	Select Salary Transaction from drop-down list
7.	Total Amount*	Enter the total amount in the field
8.	Period (In Months) *	Capture the number of months
9.	Monthly Instalment*	Auto-populates after Total amount and Period have been captured.
10.	Balance	Auto-populates

11.	Start Date*	Enter Start date
12.	Submit	Click “Submit”

The below screen will populate to indicate that the instalment was successfully submitted. During the payroll run the salary transaction will automatically deduct the required amounts as per the instalment setup.

Click "OK"

Notes:

This image shows a full page of primary-ruled paper. It features ten sets of horizontal lines, each consisting of a solid top line, a dashed middle line, and a solid bottom line. The lines are evenly spaced and extend across the entire width of the page, providing a guide for handwriting practice. There is no text or other markings on the page.

6. GENERATE INSTALMENT MANAGEMENT REPORT

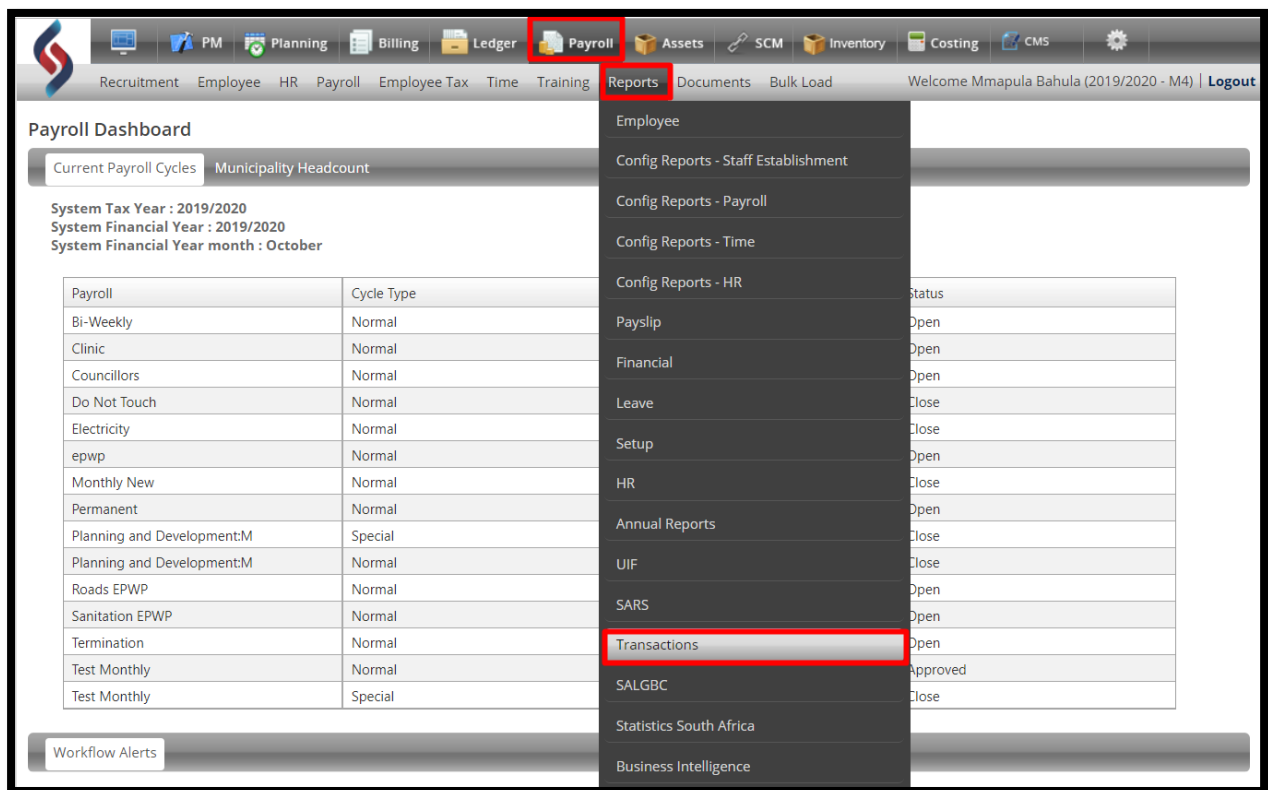

The below menu is used to select and generate the instalment Report:

Specific Outcomes:

- Successfully generate Instalment Management Report.

7. CONFIGURATION SETTINGS FOR MANAGING INSTALMENT

For more Detailed Information – refer to HR/Payroll Configuration Manual

	Access	System Administrator
---	--------	----------------------

8.1 Salary Transaction Settings

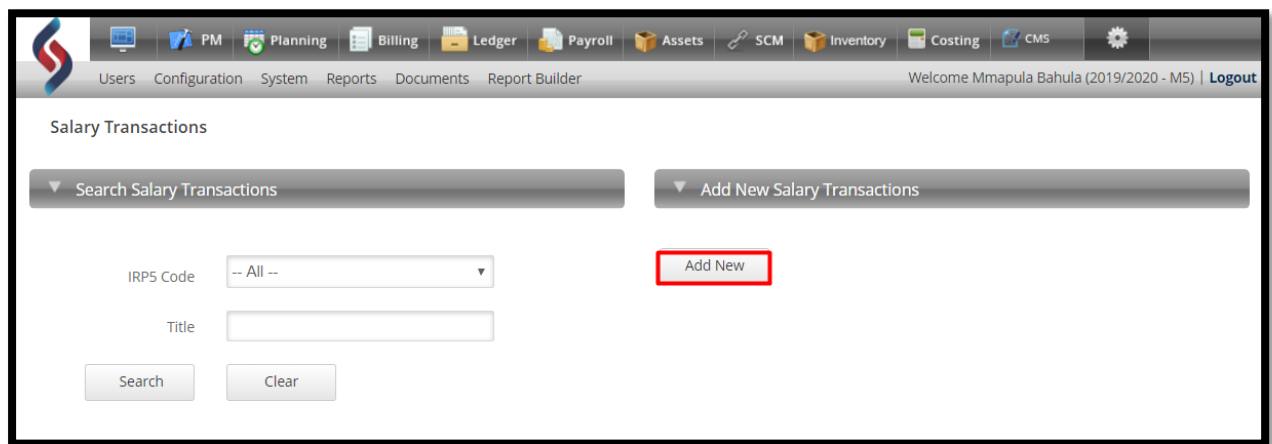

In this section, frequent payments towards an external creditor or service provider relating to garnishee orders, such as lawyers, insurance companies' fees, etc., can be set up and modified.

It's important to link service provider of the instalment salary transaction in the pay slip view in order to add installment in the pay slip.

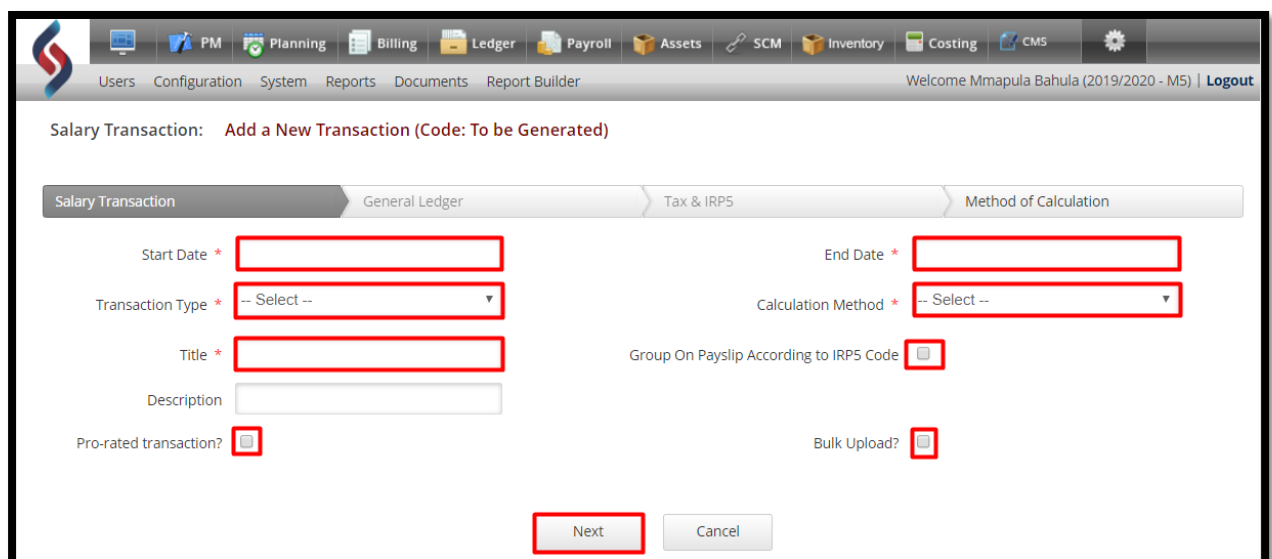

If Creditors are not setup properly in the SCM module, you will not be able to populate the creditor for selection on this salary transaction. Please see the "Manage Creditors" manual and liaise with your SCM colleagues to assist with the setup of the creditors before starting this config.

Click "Salary Transactions" from the Payroll menu

Click "Add New"

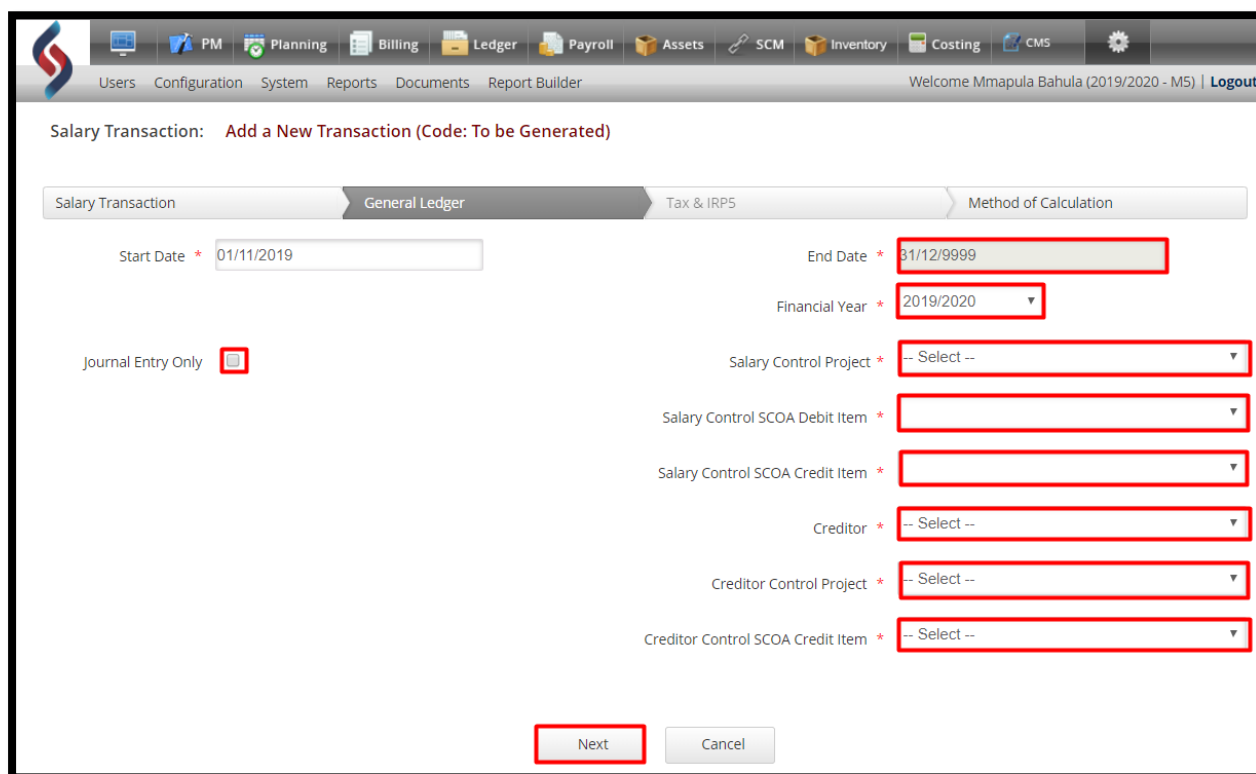

Step	Field	Description
1.	Start Date*	Capture date from the Start Date field
2.	Transaction Type*	Select Transaction Type (Deductions) from the drop-down list
3.	Title*	Capture the Title
4.	Pro-rated transaction	Tick-box, if applicable
5.	End Date*	Capture date from the End Date field
6.	Calculation Method*	Select Calculation Method from the drop-down list
7.	Group on Payslip According to IRPS Code	Tick-box, if applicable

8.	Bulk Load	Tick-box, if applicable
9.	Next	Click "Next"

Pro-rated transaction	The value will be calculated pro rata if the employee did not work a full month e.g. basic salary the system will look at the day's work and calculate the basic salary for the day's work in the case of a new employee or terminated employees.
Group on Payslip according to IRP5 Code	User will not see the detail per salary transaction but per IRP5 code the system will group all earnings and transactions and sum it per IRP5 code.
Bulk Upload	Only salary transaction that are marked can be uploaded via the bulk upload function. Certain system salary transactions like Basic Salary, Pension company contributions and deductions, medical company contributions the tick box will be greyed out as we cannot bulk load these types of salary transaction as they are linked to specific system rules.

10.	Next	Click "Next"

**Journal Entry Only**

If ticked, the system will not generate an invoice during the final run for a third-party payment but will generate a journal entry for an income. This option can be used if the employer deducts money from an employee for monies owed by the employee to the Employer, then the employer does not have to issue a third party payment for himself but this option is to ensure that the deduction is allocated to the correct income item for recognition by the employer.

Salary Transaction General Ledger **Tax & IRPS** Method of Calculation
