1. DISPOSE OF ASSETS

5.5.1 Dispose of Assets		
5.5.1.1	5.5.1.2	5.5.1.3
Capture Asset Disposal Details	Manage Asset Disposal Status	Generate Asset Disposal Reports

This manual includes the following processes:

- Capture Asset Disposal Details
- Manage Asset Disposal Status
- Generate Asset Disposal Reports

	Icon identifies the role player (Capturer)
	Icon identifies the role player (Supervisor)
	Icon identifies the role player (System administrator)

2. PRE-REQUISITES

The following must be in place to perform Asset Disposal:

1.	Set up User's Roles and permissions
2.	Existing Assets already captured on the system
3.	Configured mSCOA Settings
4.	Configured Disposal Methods
5.	Asset Disposal Committee Resolution
6.	Council Resolution
7.	Other Supporting documentation

3. PROCESS FLOW FOR ASSET DISPOSAL

Process Summary:

	ASSET DISPOSAL
1.	Go To: EMS>>Assets>>Disposal>>Asset Disposal
2.	Click on the dropdown Menu and select the Asset Class
3.	Click on the dropdown Menu and select the Measurement Type for selected Asset Class
4.	Click on Search
5.	Click relevant line item on the Grid
6.	Capture Disposal Date
7.	Capture Disposal Reason
8.	Click on the dropdown Menu and select Disposal Method
9.	Capture Disposal Proceeds
10.	Click on "Calculate"
11.	Select Files to Upload
12.	Click on Submit

	ASSET DISPOSAL APPROVAL
1.	Go To: EMS>>Assets>>Disposal>>Asset Disposal>>Approval
2.	Click on the dropdown menu and select the Asset Class
3.	Click on the dropdown Menu and select the Measurement Type for selected Asset Class
4.	Click on Search
5.	Click relevant line item on the Grid
6.	Click on Approve or Reject
	ASSET DISPOSAL REPORT
1.	Go To: EMS>>Assets>>Reports>>Assets>>Asset Disposal Report
2.	Asset Disposal Report Landing Page Select "Dates" (Mandatory) Select "Type" (Mandatory) Click on "Search"
3.	System will process Asset Disposal Details

Notes:

4. RULES AND VALIDATIONS FOR THE ASSET DISPOSAL

The following rules and validations apply:

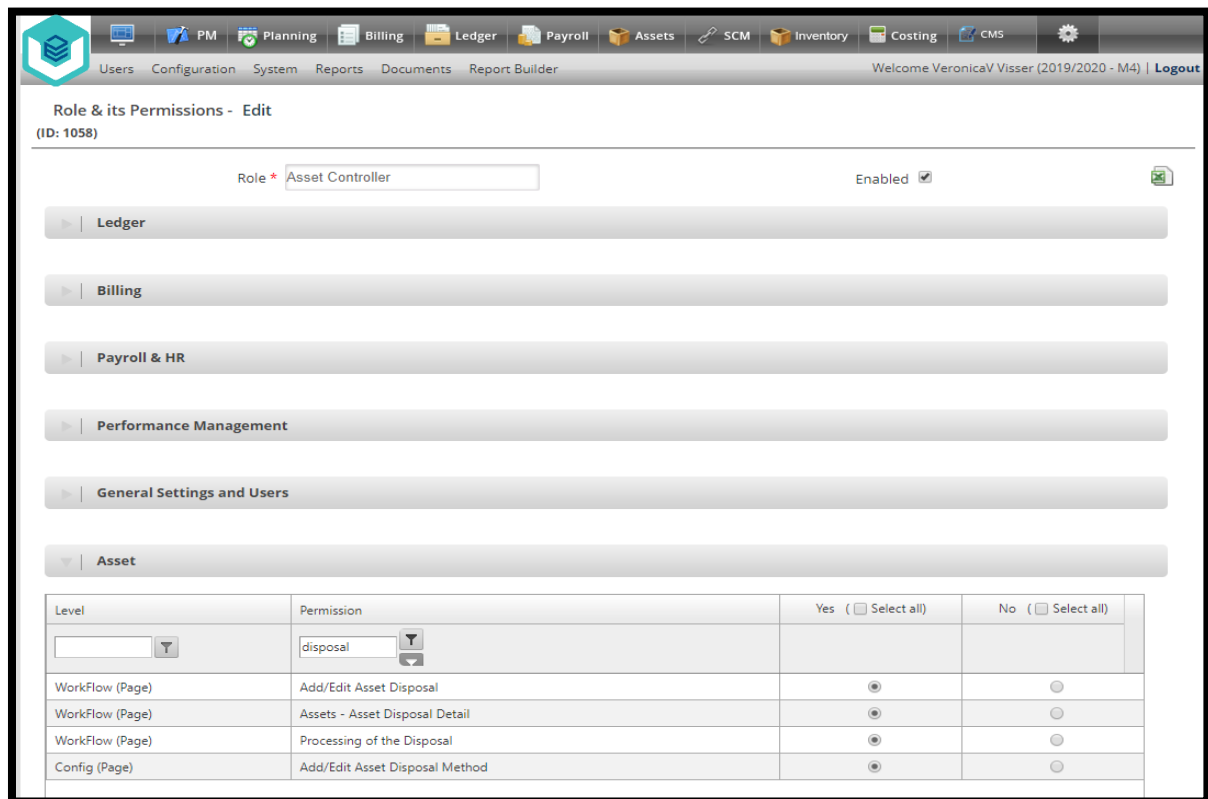

1.	Permission rights based on the user's role should be set up on the system
2.	All compulsory fields* must be completed
3.	Ensure that Depreciation is calculated before performing disposal or write-off
4.	Supervisor to verify all details are correct before approving

5. ROLE AND PERMISSION – CAPTURING AND APPROVAL OF ASSET DISPOSAL

	Icon identifies the role player (System Administrator)
---	--

The following Permissions must be added to the user's profile by the Systems Administrator for the following user/s:

	Access	Capturer
	Access	Supervisor

Role & its Permissions - Edit

Notes:

6. ASSET DISPOSAL

Disposal is a manual process on the INZALOEMS System whereby the user will be guided to de-recognised an asset. Disposal of an Asset and the approval of the Profit/Loss on Disposal.

There are different types of Disposals for example:

- Write-offs
- Sale
- Donations
- Returns
- Auctions

	Access	Capturer
---	--------	----------

Specific Outcomes:

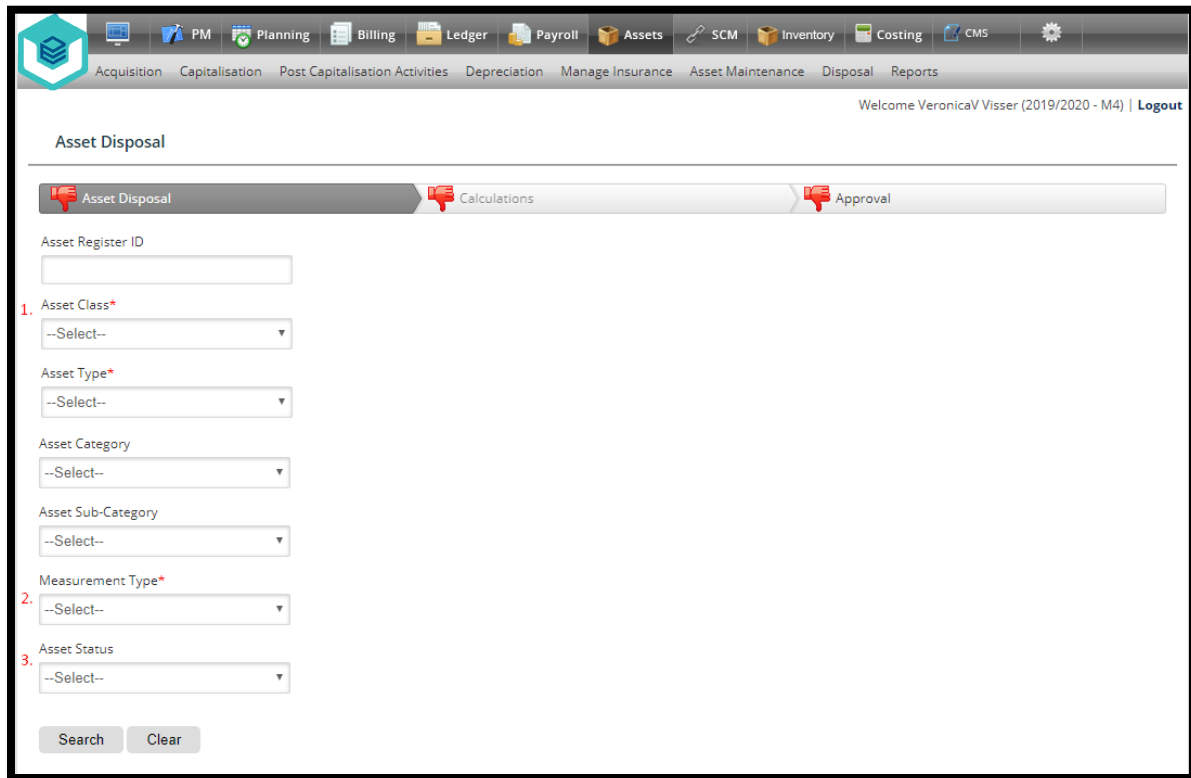

- Successfully Dispose an asset

Click on Disposal to open the page.

Asset Disposal Search page.

The screenshot shows the 'Asset Disposal' search page in the Inzalo EMS system. The top navigation bar includes modules like PM, Planning, Billing, Ledger, Payroll, Assets, SCM, Inventory, Costing, and CMS. Below this, a sub-navigation bar lists 'Acquisition', 'Capitalisation', 'Post Capitalisation Activities', 'Depreciation', 'Manage Insurance', 'Asset Maintenance', 'Disposal', and 'Reports'. The 'Disposal' module is active, and the user is logged in as 'VeronicaV Visser (2019/2020 - M4)'. The page title is 'Asset Disposal'. A progress bar at the top of the form area shows three steps: 'Asset Disposal' (active), 'Calculations', and 'Approval'. The form contains the following fields:

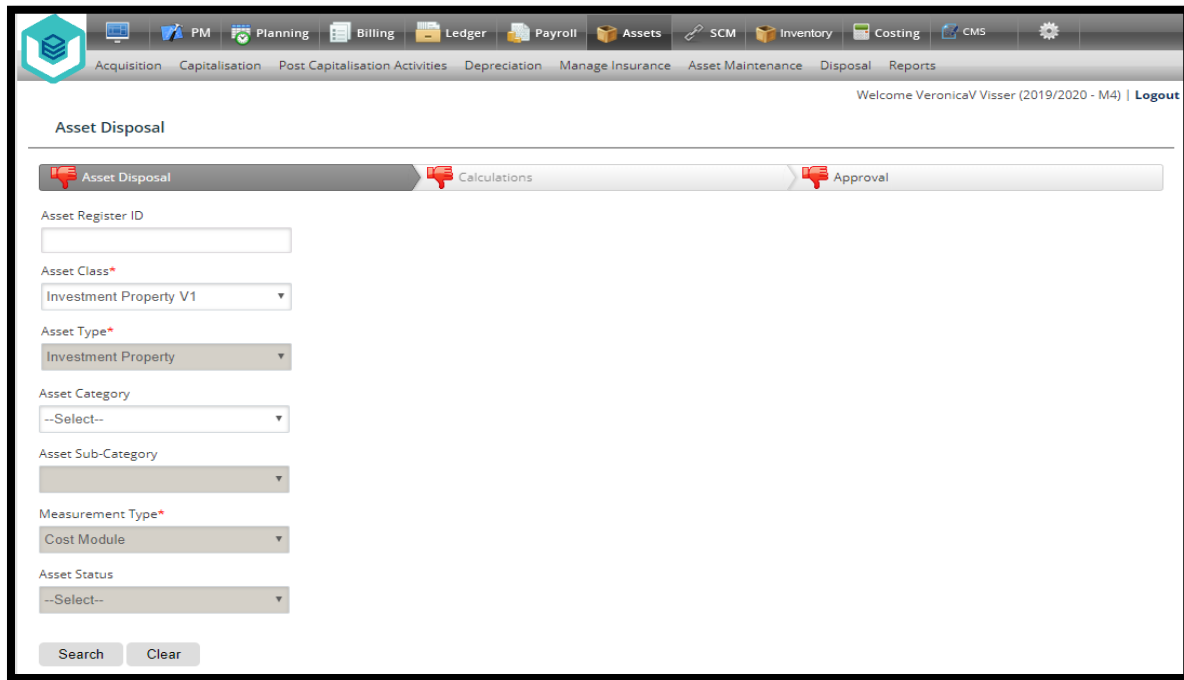

- Asset Register ID: A text input field.
- 1. Asset Class*: A dropdown menu with '--Select--' as the current selection.
- Asset Type*: A dropdown menu with '--Select--' as the current selection.
- Asset Category: A dropdown menu with '--Select--' as the current selection.
- Asset Sub-Category: A dropdown menu with '--Select--' as the current selection.
- Measurement Type*: A dropdown menu with '--Select--' as the current selection.
- 3. Asset Status: A dropdown menu with '--Select--' as the current selection.

At the bottom of the form are 'Search' and 'Clear' buttons.

Explanation on fields:

Step	Field	Description
1.	Asset Class	Select Asset Class from dropdown
2.	Measurement Type	Select Measurement Type from dropdown
3.	Asset Status	Select Asset Status from dropdown

Message display to confirm that the mSCOA Setting has been successfully configured and the disposal of Asset can be performed.

The screenshot shows the 'mSCOA Settings - Edit' form. An information dialog box is displayed in the center, titled 'Information', with the message 'MSCOA Setting Successfully Updated' and an 'OK' button. The background form shows various fields for Asset Details, Transaction Type, and Disposal settings.

The green indicators indicating that the Transaction Types has been configured.

The screenshot shows the 'mSCOA Settings - Edit' form. The 'Transaction Type' tab is selected. The form displays various fields for Asset Details, Transaction Type, and Disposal settings. Green indicators are shown for 'Depreciation', 'Impairment', and 'Impairment Reversal', indicating that these transaction types are configured. The 'Disposal' tab is also visible, showing fields for Disposal Clearing Account, Disposal Clearing Account (Bank), Debit Accumulated Depreciation, Accumulated Impairment (IA), Gain on Disposal of Asset (Gains & Losses (IZ)), Asset Disposal Account (Cost) (IA), and various account codes.
